Hondo Band Fund Now Totals \$3,203.87

Jaycees Hope Band Can Begin Next September

The Hondo Junior Chamber of Commerce now has enough money on hand to insure a Hondo High School Band for the coming year provided the school employs a band director.

The Jaycees now have \$3,203.87 in their band fund, and this amount was called sufficient for a band this year by Lloyd Reitz, a representative of the High School Music Service of San Antonio. Reitz helped organize bands in Bandera, Crystal City, Cotulla, LaFeria and other South Texas towns.

He suggested that \$4,000 would allow Hondo band members to have the best equipment made. Many of the students who take up the smaller instruments usually own their own, he said.

Boosting the fund over the \$3,000 mark was receipt of a check Wednesday from the Hondo Lions Club, the proceeds from their recent auction sale. The check amounted to \$549.50 which included the \$500 voted by the club last year and \$49.50 which was taken in at the auction from the sale of property belonging to the Community Center.

Receipt of the Lions Club money gave rise to the hopes of the Junior Chamber of Commerce that a band may be started when the next school term begins in September.

Rietz stated that experienced band instructors could be employed at this time. There is a possibility that the local school can obtain assistance from the state in paying the instructor's salary under the terms of the Gilmer-Aikin Law.

Although no organized solicitation campaign is planned for the present, the Jaycees are accepting contributions from individuals with the hope of increasing the total in the fund to \$4,000 by the time school opens in September. Contributions may be left with Bill Fly, president, Pete Knoyles, or other members of the Jaycees.

Contributions received to date for the band include:

B. & P. W. Club, proceeds from Gay 90's Revue	\$ 260.38
Jo Wood	2.00
E. R. Leinweber Co.	15.00
Pruneda Post, American Legion, proceeds from Hondo Bears game	85.00

Adolph H. Ahr Heads LaCoste Lions Club

Adolph H. Ahr was elected president of the LaCoste Lions Club at the regular meeting held Tuesday night, June 12, in the V.F.W. Hall and he will succeed John C. Plediger, Sr., in this capacity.

Robert J. Mangold, A. C. Stein and A. W. Ahr were members of the nominating committee which

Devine Reports Labor Shortage

DEVINE—Farm laborers are in demand in this section of the county. With so many crops maturing at the same time a large number of laborers are badly needed.

The greatest demand at present is laborers for the broom corn farmers. Some growers of melons sold them in the field in order to take care of their broom corn crop.

The broom corn harvest started Monday and the melons are coming in, with green peas mostly harvested. Dry peas will be ready to combine next week and the green corn harvest is almost finished.

Miss Peterson To Attend Dress Revue

Frankie Peterson of Devine will represent Medina County in the state dress revue at the annual 4-H Round-up at College Station. Dorothy Faseler of Yancey is a member of the state 4-H council, the planning organization of the Round-Up.

Annette Nixon of Yancey, Imogene Ahr, Betty Mechler, and Margaret Jungman of LaCoste are entering the shrub identification contest as a team. The girls will be accompanied by their home demonstration agent, Jane Combs, who will attend extension agents annual conference.

New Tractor Dealer To Open In Devine

The Tri-County Implement Co., owned by L. C. (Peggy) Martin and T. J. Fatheree, will have its formal opening in Devine on Saturday, June 23.

The new company will be authorized dealers for Massey Harris farm equipment and offer tractor service as well.

Included in the plans for the formal opening will be free movies, refreshments, attendance prizes, and an old-time fiddler's contest.

Baptists To Hear Visiting Minister

Rev. E. P. Cummings of Dallas will fill the pulpit at the First Baptist Church, Hondo, at both the morning and evening services on Sunday. All members are urged to attend, and visitors will be welcome.

Morning services are at 11 o'clock, with evening services, beginning at 8 o'clock.

NEW FOUNTAIN CHURCH PLANS CHURCH SCHOOL

The vacation church school to be held at the New Fountain Methodist Church next week will begin Monday afternoon at 3 o'clock.

Classes will be conducted daily from 3 to 5:30 o'clock in the afternoon until Friday. A most cordial invitation is extended to children of neighboring congregations to attend these classes by the pastor.

submitted the following nominations: A. H. Ahr, president; P. F. Christilles, 1st. vice president; R. J. Mangold, 2nd. vice president; E. J. Keller, Jr., 3rd. vice president; Aelred Tondre, secretary-treasurer; Lloyd Keller, Lion Tamer; C. A. Stein, tail twister; A. C. Atkins, D. R. Duron, Wesley Hutzler and Norbert Knopp, directors. These officers were voted in as a group as there were no further nominations from the floor at the meeting.

These new officers will be installed at the July meeting. At this same meeting a gift of appreciation will be given to the outgoing president.

Members present at Tuesday night's meeting voted to sponsor the fogging of the town of LaCoste to rid the community of flies, mosquitoes and other insects. Funds for one fogging were collected at the meeting and a committee will solicit additional funds for one or two more foggings.

LaCoste Will Be Fogged On June 25

A. P. Parma, secretary-treasurer of the LaCoste Lions Club, received word late Tuesday afternoon that the first fogging of the town of LaCoste would take place Monday morning, June 25, beginning at approximately 7:00 a. m.

This fogging is the first in a series and is being done in an effort to rid the town of flies, mosquitoes and other disease carrying insects. The Lions Club asks that residents of the town keep their cars indoors as the fogging may be harmful to the paint.

MISS EMMA HERRERA TO SERVE AS MISSIONARY

Miss Emma Herrera will serve two months this summer as a Baptist missionary in Old Mexico, leaving Hondo June 22 for Juarez. From there she will go into the interior to do mission work.

She will be one of a group of twelve college students from different campuses serving as summer missionaries.

The daughter of Mr. and Mrs. Refugio Herrera of Hondo, she is a senior at Mary Hardin Baylor College in Belton.

SERVICES IN DEVINE FOR VIRGIL C. BROWN

Funeral services will be held in Devine Thursday afternoon, June 21, at 4 P. M. for Virgil Calvin Brown, 56, who passed away at a San Antonio hospital on June 19.

Services are scheduled at the Baptist Church with interment in Devine.

NATALIA WRECKS, OTHER COLLISIONS INVESTIGATED

The sheriff's office reported several wrecks in Medina County during the past week.

Two collisions were investigated in Natalia the same day, on Wednesday, June 13. Two cars sideswiped at 4:15 P. M. about a half-mile south of Natalia with reckless driving charges being filed against Benjamin C. Luedicke whose car hit one driven by Kenneth K. Lester. Luedicke paid \$25 and costs in the justice court at Devine.

Hondo Masons To Install New Officers June 26

Hondo City Lodge No. 756, A. F. & A. M. will install its newly-elected and appointed officers for the ensuing Masonic year at a special called meeting for that purpose at the lodge next Tuesday evening, June 26. Lodge will open at 8 o'clock and all Master Masons will be welcome.

Elected officers to be installed are S. H. Parsons, W. M. Chapman, S. W.; C. F. Norman, J. W.; Fritz J. Leinweber, treasurer; Theo Cagle, secretary; and Ralph DeMontel, tiler.

The appointive officers are: Nic G. Riff, S. D.; Jack Garrison, J. D.; Roy Kile, S. S.; Ralph Stiegler, J. S.; and B. A. Schweers, chaplain.

The new master of the lodge, S. H. Parsons, enjoyed the distinction of being of the third generation to figure in Masonry in Medina county. His father, the late Ed Parsons, was for many years active in the present organization, while his Grandfather Parsons served the pioneer Hondo Valley lodge as tiler for many successive terms.

Chapman To Build Elevator Soon

Russell Chapman has announced plans for the construction of a 2,100,000 pound elevator west of his present warehouse and loading facilities on the Southern Pacific tracks.

With building due to begin right away, the finished elevator will hold 700,000 pounds of grain in each of three steel bins. All handling of grain will be by machinery, and it will be possible for one man to unload grain, place it in storage and load freight cars.

Rev. Scott To Hold Revival At Yancey

YANCEY—Revival services will begin Sunday, June 24, at the Baptist Church in Yancey. Rev. Dick Scott, pastor of the Black Creek Baptist Church, will preach.

The church will also conduct a vacation Bible school for the young people of the community in the mornings from 9:30 to 11:30.

The meeting will continue through Sunday, July 1.

COMING EVENTS

Coming events that are being advertised in The Anvil Herald will be included in this column free upon request. There is no charge for listing family re-unions, elections, and non-profit events. LaCoste Resident Arrested Tuesday

Charged With Theft Of 45 Cows, Calves

Polaroid 1-Minute Photo

This nine-inch long cucumber was grown by Mrs. Ralph Stiegler. It measured nine inches in circumference and weighed 1 1/4 pounds.

A 30-year-old LaCoste resident is being held in the Medina County jail following his arrest Tuesday by Deputies Charles Hitzfelder and John Kempf on charges of cattle theft.

The man, Edmund H. Windau, was said to have moved 45 cows and calves from a place belonging to R. L. Midgett, A. F. Lempkins and Nora Williamson to his own 10-acre tract a short distance away. The cattle were driven down a county road that divides two tracts belonging to the three owners.

Windau, who has lived at the place about four miles south of LaCoste, says he is originally from Cleveland, Ohio.

Hartman High In Soil Judging

DEVINE—About 85 persons from Medina, Frio, Atascosa, Kendall, Kerr and LaSalle counties gathered here for the soil judging contest last Wednesday. The contest was held on the G. D. Whitfield and Ferdie Meyers farms.

Charles Hartman of Hondo, scoring 146 out of a possible 150 points, won high score. Others with high scores were Ralph Stiegler, Aldrich Burger, Ernest Bourquin, and Lawrence Bullington, all of Medina County.

P. G. Haines, extension soil and water conservationist of Texas A&M College, supervised the contest, assisted by county agents, soil conservation service personnel, vocational agriculture teachers, and veterans vocational school instructors.

Cold water and soft drinks were furnished by the Devine Chamber of Commerce.

Sweet Corn Harvest Good Around Natalia

NATALIA—This week brings to a close the sweet corn harvest. The local buyers have shipped out by truck and rail eight carloads.

At the canning plant, trucks of green corn were lined up for two blocks at times waiting their turn to be unloaded. This is the first season for canning corn here.

Vegetation is beginning to show signs of needing more rain. Lots of acreage has been planted to cotton this year. Some dusting is being done to control insects.

Scout Districts Are Consolidated

The Medina Valley District of the Boy Scouts and the Tri-County District have consolidated.

At the meeting in Hondo Monday night the following officers were elected: E. H. Whittington of Natalia, district chairman; Henry Windrow of Hondo, district vice-chairman; and Herman Burch of Hondo, district commissioner.

THE PROM? ...OH, I'D LOVE TO GO

A "big moment" in a young life... a telephone call "out of this world" in value...

Whether or not you go along with the teenager's standards of value, one fact remains. Every telephone call, important or ordinary, is a real bargain.

For the average cost of each local call, including tax, is about 2 1/2¢.

In this day of vanishing bargains—what else gives so much for so little?

EVERY HELLO IS A GOOD BUY

A REAL BARGAIN. More of your friends and neighbors have telephones than ever before. You can call more people, more people can call you.

Miss Kathiyn Brucks Becomes Bride Of Lt. Duane Strother

Photo By Kilpatrick

Will Be At Home At Camp Hood, Texas

The marriage of Miss Kathiyn Jane Brucks, daughter of Mr. and Mrs. Arthur Brucks, Sr., of Hondo, and Lt. Duane Arlington Strother, son of C. A. Strother of Tilton, Washington, and formerly of Del Rio, was solemnized Sunday, June 17, at 6:00 p.m. in the First Methodist church of Hondo, with Rev. Leslie McDaniel officiating.

At the altar were white tapers in tall candelabra and large arrangements of white gladioli and fern.

Miss Darlene Brucks sang, "Because" accompanied by Mrs. H. B. Eggen at the organ. She also sang, "The Lord's Prayer," at the conclusion of the ceremony.

The bride, who was given in marriage by her father, wore a gown of white satin featuring a fitted bodice of white Chantilly lace, long fitted sleeves, and a train extending from fully gathered orange blossoms. Her corsage was of white gladioli and her bridal bouquet was also of white gladioli with white satin streamers and wisps of tulle.

Miss Jean Hayes, who was the bride's roommate in Kingsville, was maid of honor. She wore a gown of orchid sheer designed on simple lines with a fitted bodice, high round neckline and full skirt. Miss Marjorie Britsch, who was bridesmaid, wore a similar gown of lavender sheer. Each had

Mr. and Mrs. E. A. Klein went to San Antonio to get acquainted with a new granddaughter, Kathy Jean, born June 16, in Baptist Memorial hospital. She is the daughter of Mr. and Mrs. Henry F. Klein and is also being welcomed by her sister, Sandra Irene, and her maternal grandparents, Mr. and Mrs. Ernest Stauffer of Taylor.

Mr. and Mrs. Elmer (Speedy) Saatkamp announce the arrival of a baby girl, born June 18th at 6:13 p.m. in a hospital in Castroville. The baby weighed in at 8 pounds, and 10 ounces, and she and her mother are doing fine. Speedy is a postal clerk at the Natalia postoffice.

Garrisons Entertain With Barbecue Supper

The spacious lawn at the country home of Mr. and Mrs. F. D. Garrison was the scene of a barbecue supper and informal gathering Saturday evening when the Garrisons entertained.

Guests were served soft drinks on arrival, after which the supper was served buffet style. Tables on the lighted lawn held unique centerpieces of squash, bananas, cucumbers, green beans and Johnson grass. The menu consisted of barbecued meat, potato salad, beans, pickles, onions, cookies, ice cream bars and iced tea.

Assisting the host and hostess at the informal gathering were Mr. and Mrs. Marcellus Garrison, Mr. and Mrs. James Jordan, and Mr. and Mrs. Spott.

Out of town guests included Mr. and Mrs. Ford Sasser of San Antonio.

50 MEMBERS ATTEND ST. ANN'S SOCIETY

CASTROVILLE—St. Ann's Society of Castroville held its regular monthly meeting on Thursday evening, June 7. About 50 members and Rev. Dean J. Lenzen, the spiritual director, were present.

The meeting was opened with a hymn to St. Ann. A rosary for peace was recited. A birthday greeting was extended a member having an anniversary in June. Two sick visits were reported. Mrs. George Muennink's name was drawn for the attendance prize. As she wasn't present the prize next month will be \$7.00.

Mrs. E. J. Conrad, Mrs. G. R. Hans, Mrs. Floyd Tondre and Mrs. Joe Hoog were selected as delegates to the Texas State league held at Rockney in July. Fr. Lenzen, in a brief talk, reminded the members to help in every way they can to make the annual St. Louis celebration a success.

Further plans for the celebration and also plans for a new service flag will be discussed in the next meeting.

Members interested in sewing new surplices for the altar boys may call for the material at the next meeting.

Hostesses for the meeting served a delicious lunch of sandwiches, home made cake and punch.

The next meeting will be held on Thursday evening, July 5, at eight o'clock. The hostesses will be Mesdames Silva Haby, Ed. Tschirhart, Joe Haegelin, Harby Haegelin, H. B. Haegelin, R. E. Haby, Quinton Haby, O. W. Huegele, Henry Haegelin, Olan and Clarence Huegele.

Suicide Ruled In Death Of Dr. Prejean

A verdict of suicide was returned Friday in the death of City Veterinarian Wilbert P. Prejean, 29, who was found dead in a pickup truck about 10:10 a. m. in a wooded section, in Houston.

Death was apparently due to asphyxiation by carbon monoxide. A rubber hose had been attached to the truck's exhaust and extended up through the floor-board.

Two boys, both 15, told police that they had gone to the wooded section to dump trash when they noticed the pickup truck. One of them investigated and found Mr. Prejean.

In a written statement to police they said both windows of the truck were up and the motor was still going when he investigated. Police said the man apparently had been dead only two or three hours.

This was borne out by Mrs. Prejean, who told officers that her husband left home for work about 7:30 a. m. Friday. Officers surmised Dr. Prejean drove directly to the wooded section from his home. Fellow employees said he was at work Thursday, but did not show up Friday.

Prejean, a graduate of Texas A. and M. College, is survived by his wife and two children.

He was formerly associated with Dr. E. L. Kelley at the Hondo Veterinary Laboratories in Hondo.

Two boys, both 15, told police that they had gone to the wooded section to dump trash when they noticed the pickup truck. One of them investigated and found Mr. Prejean.

In a written statement to police they said both windows of the truck were up and the motor was still going when he investigated. Police said the man apparently had been dead only two or three hours.

This was borne out by Mrs. Prejean, who told officers that her husband left home for work about 7:30 a. m. Friday. Officers surmised Dr. Prejean drove directly to the wooded section from his home. Fellow employees said he was at work Thursday, but did not show up Friday.

Prejean, a graduate of Texas A. and M. College, is survived by his wife and two children.

He was formerly associated with Dr. E. L. Kelley at the Hondo Veterinary Laboratories in Hondo.

Valuable Property Deserves Safekeeping

You can easily afford to rent a safety deposit box in our vault for only a few cents a month.

But you cannot afford to lose important papers or valuables left around the house for fire to burn or thieves to steal.

We can now furnish our customers with a limited number of safety deposit boxes. Make arrangements for yours now—safeguard those valuables.

Hondo All Stars Shine In 10-2 Win Over AFB Team

The Hondo All Stars, their big bats booming and defense airtight, polished off the visiting Lackland AFB OCS team Friday night, 10-2, before the season's biggest crowd.

The Stars put together three 3-run innings and scored a single run in the third as they beat Jim Golden's Lackland crew. Johnny Faseler pitched the first four innings, whiffed the first five men to face him, and registered nine strikeouts in all. Allan Nelson worked the last three innings, giving up two hits and one run and fanning two.

The Stars grabbed a 3-0 lead in the second as Blackie Williams led off with a double, A. Wilson walked, both runners scoring on singles by E. J. Williams and Lawrence Carle. Williams came home on Faseler's fly out. Three errors loaded the bases in the third with

Kile's single driving in W. Wilson.

The fourth inning saw three runs tally as Jimmy Rogers homered with two men on. Hondo's last three runs resulted in a freak single by Myles Weynand that saw him take second on a play at the plate and score behind G. Wilson and T. Finger on a wild throw by the catcher.

Castroville 13—Quihí 9

Castroville's red hot Indians won their battle of base hits and errors 13-9 over the Quihí ball club at Castroville last Sunday afternoon. The dizzy battle saw 28 hits and 15 errors, with the Indians hitting safely 15 times while erroring 7 chances, to Quihí's 13 hits and 8 errors.

Castroville's offense was lead by shortstop Gerald Kempf who came out of the tussle with two homeruns, a double and single for four trips. Billy Tschirhart with 3 for 5, Rihn 2 for 4 and Ray Hoog 3 for 5 rounded out the Castroville power for the afternoon.

Schott furnished the potent Quihí power with 3 hits for 5 trips.

Keller was the Castroville starting moundsman and received credit for the victory, but Ahr had to relieve him in the 6th and finish the game.

For Quihí, Harold Bohlen was the starting choice and the losing hurler. He was relieved by Fritz Hartman, and David FitzSimon followed Hartman.

Three Hondo Bears Go To Tryout Camp

Three Hondo Bears players will attend a tryout camp in Fort Worth June 23-25 and the Bears will not play Sunday. The players are Carlos Herrera, second base, Ben Perez, shortstop, and Pete Morales, pitcher.

The Bears defeated David the Cleaners of San Antonio 18-6 here Sunday as Morales tossed a near eight hitter and aided his own cause with three hits.

Perez also collected three hits, and Arcos, Barrios, Garcia and Pruneda got two each. Herrera connected with one hit.

Morales struck out nine in the victory, while Merkey, the loser, whiffed eight but was hurt by his team-mates' errors.

LaCoste 21—Rio Medina 6

A thunderous 13 run 3rd inning rally by LaCoste's Athletics completely wrecked the Rio Medina Tigers at LaCoste last Sunday afternoon as the Athletics buried the Tigers 21-6 on the strength of a 17-hit attack which was aided considerably by 14 Base on Balls issued LaCoste batters by Rio Medina moundsmen.

LaCoste's big third featured nine base knocks, four of which were good for two bases, with Franklin Keller collecting two of the four, while teammate Glenn Keller singled twice during the same rally. Up to LaCoste's big rally the Tigers held a 3-1 lead.

Ed. Bohl finally emerged as the game's winning pitcher although Alvin Santleben toiled from the fourth through the ninth for the Athletics relieving Bohl who had injured his right shoulder through the height of the big rally.

Mangold had started for the Athletics, and was lifted in favor of Bohl in the 2nd frame.

Clinton Bippert was the Tiger moundsman charged with the loss, however his relief was no more effective.

Alfred Keller, LaCoste right-fielder was the game's top batter, collecting a triple and three singles for six trips. Gerald Haby, Tiger backstopper drove out a triple and two singles for four official

Yancey, Chapman Post Victories

Yancey and Chapman kept the one-two spots in the Hondo Softball League Wednesday night as they turned in 2-0 and 17-10 wins over Sinclair and the Jaycees respectively.

Johnny Faseler struck out 15 batters and gave up three hits as the Harvesters scored two runs in the fourth inning for the games' only score. Albert Wilson accounted for both runs with a home run bringing home George Wilson.

Chapman outlasted the Jaycees in a free-scoring second game. Home runs were hit by Weynand, Rogers, Pope, and two by Nester. Chapman collected 17 hits against the Jaycees 12.

The Camp Fire Girls of Castroville met Tuesday afternoon at the home of Mrs. J. D. Williamson, who gave the group a very practical and instructive course on baby care, illustrating the talk with charts, pictures and babies. Following the business meeting Mrs. Williamson and daughters, Louise and Ann, served punch, ice cream and cookies.

Barbara and Ellen Ruth Owens, Connie and Roxene Schweers, Virginia and Barbara Faye Clements, Mary Ann Bailey, Suzanne Rath and Ruth Ann Crow returned Tuesday evening after attending a ten-day session of the Val Verde Camp Fire Girls camp at McGregor.

Classes on handcraft, swimming, riding, outdoors, and dramatics were held. Mary Pope and Carol Ann Rath remained for another session.

Lions Bunch Hits To Beat Utopia

Held to six hits by Utopia's Gazaway, the Hondo Lions needed a home run by Blanton Taylor with Luckenbach on base to defeat the Cardinals 6-5 in the seventh inning Sunday.

The Cardinals sent across their go-ahead run in the top of the seventh as Rieber singled home Blalock only to see Taylor slam a four-bagger in the bottom half to end the scoring.

Despite the scarcity of base knocks, Hondo was able to bunch them in three frames to count needed runs. Three came in the second as Sadler and Finger tallied, and two more scored in the fifth on bingles by Parsons and Sadler. In the other six innings, the potent Lions were held hitless by Gazaway.

Both Sadler for Hondo and Gazaway for Utopia went the length.

—★—
Opportunities overlooked are blessings lost!
—★—

Uncle Jake says:

Dem dat looks well to de futu'e fust seldom looks back at last wid regrets!

LOOK WELL TO THE FUTURE.

With the multitude of things that are happening, it is difficult to keep up with the general trend of events, not to mention their intimate details.

It seems that in its search (?) for opportunities to economize, the late session of the Texas Legislature adjourned without disrupting the state's elaborate and somewhat complicated road program.

In other words, by leaving the highway program in status quo, so to speak, there will be no suspension of operations in the process of new road construction.

How long this can continue will doubtless depend upon the turn of events, whether favorable or against, a return to normal conditions.

The discreet never sacrifice an opportunity that is offered.

It, therefore, behooves any community to be alert to its highway needs and be ready to take advantage of favorable contingencies that may arise.

Hondo has suffered in the past

from a lack of alertness when there was far less to distract attention than now—with the present rapid development and changes in the town's affairs.

It is useless now, however, to lament the two grave mistakes of, first, permitting Highway 173 to intersect 90 a mile or more east of town instead of making the junction in town—thus throwing the 173 traffic on 90 through town—and, second, in not seeing to it that the curve on 30 just west of town was eliminated by securing a new direct right-of-way westward for the new construction work now in progress between Hondo and D'Hanis.

But no time or opportunity should be lost or sacrificed in doing what can best be done to minimize the possible damage that these mistakes may cause.

And now is the time—since the road improvement work is presumed to go on for some time, at least, and despite our preoccupation with war and rumors of more wars—to make every effort to overcome the possible evil effects of our past errors and profit from their lessons in whatever efforts at improvement that may be made in future.

The first matter that should engage our attention in following out such a policy should be the opening of a road and constructing a first class highway on the north side of and paralleling the railroad from the terminus of 173, at "Lovers' lane", east of town, through town along North Front Street (now 18th) to a convenient junction with a north and south road west of town.

This improvement, first of all, would serve as a by-pass to relieve possible congestion on Highway 90 along South Front Street (now 19th) and remove about the only justifiable reason that can ever be pleaded for constructing a by-pass on the south side of town.

Secondly, it would be the starting point for any logical further extension of 173; and if provision is made for sufficient right-of-way, should future traffic require, for erection of an over-pass of both Highway 90 and the railroad tracks, this stretch of road might well become a link in the extension of 173 to a direct junction with Highway 83 at or near Leakey.

This connection would give travelers coming southward on 83, all the way from the Canadian border and points along the road, the shortest and most direct route to deep water at Corpus Christi, the growing seaport of Texas.

This would place Hondo on a north and south—Canada to the Gulf—highway as well as it is now on an east and west—Atlantic to the Pacific—transcontinental highway, with the unique distinction of both highways paralleling each other and traversing the very center of the city throughout its full length.

Visualize the vast possibilities for future benefits to the town of such advantages and ask yourself—"How can we afford to neglect so great an opportunity?"

Let us do all we can to facilitate the comfort and opportunities of those now being brought to our community by the re-activation of the air-field.

They are the defenders of our way of life and deserve our every consideration.

But in our concern with the present, let us not be unmindful of the future of our town and those who are to come after us!

Let us look well to our town's future!

Buick's newest engine
—the F-263 Fireball—
gives this year's SPECIAL
the highest power in SPECIAL history

Remember—only BUICK has a FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

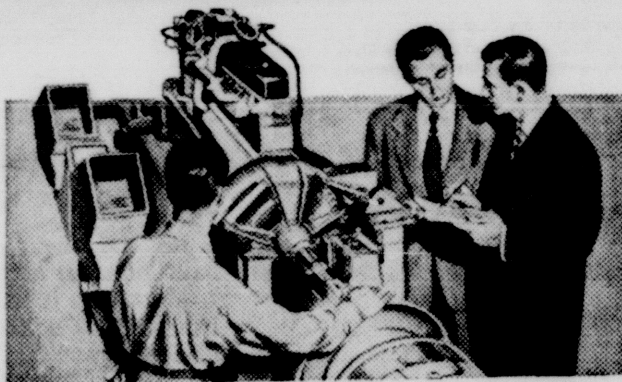

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, war-time aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have been getting a lot of things that others have just "discovered."

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a trick word. It describes what happens inside this engine. Inrushing fuel rolls into a

swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

Bears Lose 10-9 To San Antonio Team

The Hondo Bears lost another one-run decision Sunday, this time at the hands of the powerful St. Gerard's team from the San Antonio parish league, 10-9. The Bears will meet David The Cleaner's team at the airfield diamond Sunday afternoon, June 17, at 3 o'clock.

Wetta, St. Gerard's shortstop, broke his leg sliding into third base in the first inning and was taken to the Medina Hospital for treatment by Mrs. Pete Morales. His sister, Mrs. A. H. Ahr of LaCoste, took him home to San Antonio Monday.

Sandoval was credited with the Bear's loss.

Castroville 5—Rio Medina 3

Castroville's rampaging Indians maintained their tie for the league's number two berth with the Hondo Lions when they downed the Rio Medina Tigers 5-3 at Rio Medina last Sunday afternoon. Mgr. Oscar Suehs choose to employ his ace hurler Ronald Keller against the Tigers and he turned in a masterful 4 hitter, while his mates nipped Clinton Bippert of the Tigers for 10 hits in gaining the victory. Five Rio Medina fielding mishaps were costly to the Tigers.

The middle of the Castroville lineup carried the Indians load at the plate with J. Ducos, Kempf, Suehs, and Stan. Jagge hitting safely in two of four trips. M. Jungman, Tiger's hot corner man, was the only Rio Medina batter able to duplicate the feat, as he collected two of the Tigers four hits.

Kempf of the Indians and M. Jungman of the Tigers belted two base hits.

Quihi 9—Macdonia 5

Six runs scored by Quihi in the top half of the eleventh inning gave them a 9-5 victory over the Macdonia Cubs at Magnus Park, Macdonia, last Sunday afternoon. The victory was Quihi's second over the Cubs this season and third against five defeats this season. The Cubs are still looking for their first win.

Quihi, using sixteen men to gain the win tied up the count at 3-3 in the sixth with a three run uprising. From the sixth through the 10th the two clubs fought scoreless until Quihi came up with six scores in the 11th. Macdonia fought back, but two scores were the best they could muster.

Fritz Hartman was the winning pitcher and Munk the loser. Lag-

leder and Hanson of the Cubs executed the only twin killing of the day, while Heiligman of Quihi was the top hitter with two doubles and a single for six trips.

Hondo 10—D'Hanis 4

H. Mueller's 4-hit pitching performance set the D'Hanis Pirates back on their heels for the first time this season as the Hondo Lions topped them 10-4 at D'Hanis last Sunday afternoon. Mueller who found trouble with his control as he walked 12 Pirates, was very stingy with the base hits and as a result turned in his second 4-hit victory of the season.

The Lions on the otherhand jumped on Ep. Finger, and J. Rothe for 12 base hits, and gained an early 7-0 lead with 3 scores in the 3rd frame and 4 in the 4th, after which they found the Pirates to have little fight until the 7th when a 3 run uprising lifted them to within 6 runs of the Lions.

Rogers proved to be the Lions big gun at the plate collecting 3 hits for 5 trips, one of which was good for three bases. Bennard Rothe of the Pirates hit safely in two out of three trips and collected exactly half of the Pirates hits. One of Rothe's blows was good for two bases.

Mueller in turning in the winning pitching performance turned in his second 4-hit game of the season. The other victim being the last place Macdonia Cubs. Ep. Finger the Pirate starter was charged with the loss.

LaCoste 12—Utopia 5

The LaCoste Athletics climbed back into the first division, as the Highway 90 swung into the season's second round, with a 12-5 victory over the Utopia Cardinals at Utopia, Sunday afternoon. Castroville Indian's 5-3 win over the Rio Medina Tigers gave the Athletics undisputed possession of the fourth place slot, giving them a game lead over the Tigers. The Tigers and Athletics meet on the 17th in LaCoste and each squad will be looking for a win in that crucial contest.

Meanwhile at Utopia the Athletics didn't earn as many runs as did the Cardinals, but with the aid of 6 Utopia errors and 13 Athletic base hits pushed over 12 scores to the Cardinals 5. Big Ed. Bohi went the route or the mound for LaCoste, for the first time in several weeks, and many say he was showing his old form, which should be good news to LaCoste fans.

Albert Ludwig, Athletic catcher was the games big hitter, with 4 base hits for five trips, while E. Keller with his second homerun of the season and Mgr. Marvin Franger with two doubles furnished the Athletics power.

The Seco Philosopher

J. A. Alarmed Over Prospect Of Paying International Tax

Editor's note: The Seco Philosopher on his Johnson grass farm has dug up something new to worry about, his letter this week reveals.

Dear Editor:

I was readin along on an article in a copy of a newspaper which I borrowed off my neighbor's tractor seat while he went to the house for a drink of water and not payin much attention to what I was readin, some times it don't take no profound concentration to handle a newspaper, I can spend a hour with one some times

and feel just like I'd had a nap, when my eyes focused on a paragraph that brought me to.

Accordin to it, the Financial Commission of the United Nations has been workin on the international tax problem.

If I understand this, there's a move afoot to establish a new taxin outfit, this on the international level, and what I'm wonderin is can we afford it?

I like to pay taxes and fully intend to, whenever I have the money, but I thought we already had just about covered the taxin field pretty thoroughly, startin on the precinct level, and goin on up through city taxes, school taxes, county taxes, state taxes, and federal taxes, and I don't see where we got room to house a collector for international taxes. Last time I was in the county court house it seemed to me there wasn't any office space left for any more tax collectin, and the last time I looked at my resources I didn't notice anything left over to pay a international tax with.

I've been in favor of a international police force and a method of stoppin wars before they get started, but I hadn't figured on settin up a international tax office to do it with. Thought we was already payin for it through regular channels. This puts a different light on it. Of course we might swap some of the taxes we already got for the international set, although it would be the first time in history any taxes was ever dropped, but just to add some more on top of what we already got, ain't got much appeal for me. I'm in favor of peace, but not at any price. It's bad enough to be delinquent with state and county taxes, without branchin out on the international field.

Yours faithfully,
J. A.

**LETTER TO
THE EDITOR**

Dear Editor:

Recently a matter of extremely vital importance has come to the attention of the American public. It is an issue which might well concern every individual alive today. The issue I have reference to is that of blood transfusion; and I wish to call attention to a particular case which has received considerable publicity.

This was the case of the small Labrenz baby in Chicago, who was born with a peculiar blood condition which some doctors contended necessitated a blood transfusion. Her parents, who are Jehovah's Witnesses, are firm believers in God's word concerning the taking of "any manner of blood" into their bodies. (Leviticus 7:27) So, they opposed any violation of this law for ANY reason. A court case resulted in a Chicago judge turning the baby over to doctors for a forced transfusion.

Now as to the facts in this particular case: The family physician of the Labrenzes did not support the conclusion that a transfusion was necessary. Also, during the time that elapsed while awaiting the court's decision, the child's condition improved considerably; nevertheless, the transfusion was given.

Many persons immediately placed the parents in the category of religious fanatics, who took no thought of their child's welfare. The facts and scriptural convictions which prompted their actions should erase such erroneous conclusions. They knew that at Leviticus 17:10 and Genesis 9:4, Jehovah God had forbidden the consumption of blood in any form and the apostles had supported this command to abstain (Acts 15:29). They did not try to escape the responsibility by saying a technical difference existed.

It is not my purpose to argue here as to the merits of blood transfusion from a physical health standpoint. I only wish to point out the scriptural convictions of Jehovah's Witnesses concerning this matter. We are not trying to convert the world to an abstaining from blood; that is their responsibility before God.

In the Chicago case, an alarming precedent was established. According to the constitution, parents, who are known to be sane, have the right to decide what shall or shall not be done to preserve the health of their child. If these rights can be set aside in this case, then what about appendectomies, or amputations? Do children belong to parents or the state? Come what may, Christians will continue to "obey God rather than men" (Acts 5:29), because life for all eternity means much more to them than physical health now at the cost of disobedience.

Sincerely yours
HOYLE BRAZELL

**Guss Cameron
Dies In Houston**

A verdict of "accidental death" was returned Tuesday night in the electrocution of Guss Taylor Cameron, 28, a mechanic working in Houston.

Mr. Cameron, who lived at 1224 Overhill, was electrocuted Tuesday afternoon while working under a car. He was found by a porter, Josh Hearn Jr., who noticed that he had been under the car several hours.

Hearn notified Shop Foreman J. H. Carden. When Carden grabbed Cameron's left hand, he got an electric shock. He said that a frayed electric cord attached to a shielded light bulb was lying across Mr. Cameron's chest.

The light circuit was disconnected, and Carden pulled Mr. Cameron out. The Harris County Emergency Corps tried artificial respiration without success. Detectives F. E. Melder and W. R. Waycott said there were four burns on Mr. Cameron's chest.

Mr. Cameron's wife, Audrey, 30, said her husband escaped death during World War II when his ship was struck by a shell in Philippine waters and he was severely burned. Mrs. Cameron said her husband has been working for Earl McMillian since his discharge.

Besides his wife, he is survived by a 3-year-old son, Christopher John, his mother and two sisters and two brothers. His father Emmett Cameron was killed last Easter Sunday when struck by a car in San Antonio. —Houston Chronicle.

DOINGS IN DOWNTOWN DEVINE

By Mrs. Joy Tilley

Not much time to look—but we saw:

Earl Russell—and that cute little grandson walking the streets together.

J. C. Redus—broom corn buyer—getting things in shape for season—it's about that time of year.

Frank Neuman—on way to work—back of car loaded with carpenter tools.

Two loads of water melons—passing through.

Mrs. C. P. DuBose and Mrs. J. O. Stevens—telling their troubles.

E. C. Wooten—making deliveries.

Dave Webb—running errands for his wife.

Two trucks loaded with horses passing through—glue factory? We hope not.

Mrs. Mary Littleton—one of our pioneer mothers—shopping about town.

"Red" Davis—"Takes a lean" on chewing gum machine across street.

Tom Smith—college boy—back in town for summer.

Snazzy convertible—travelling south. No race discrimination—colored boy driving—two Latin Americans, one Anglo American, in front seat—one colored boy and two Anglo Americans in rear seat. All wearing Uncle Sam's uniforms.

Julian Roberson, B. I. DuBose and son, and Frank Silvey, all from Black Creek—lunching together in cafe. Preston DuBose joins the party—refuses to eat—just talks.

K. G. Howard—leaves car parked in street—runs like mad to drop letter in P. O.

Verlene Vance—checks her weight on penny scales.

A. A. Webb—down town—

ready to take his place at melon stand.

George Thomson and George Busby—saying howdy-do—one to the other.

Mrs. George Briscoe—in from farm—buying supplies.

Helen Stoddard—collecting bills for dad.

Oak Williams and Bill Wood talking—Oak seems to be telling it all to Bill.

Rev. and Mrs. B. W. Ayers—driving in from a trip to Kansas.

Charles Garrett—back in town—after a drill session at Lackland.

Jim Meeks—wearing that water-melon smile—he grows the yellow kind.

W. D. Schott—strutting about town—looking very proud. He is "grandpa"—twice in four weeks.

Mr. Routh—driving Baptist Bus—transporting children to and from Vacation Bible School.

Joe Stroud, Sr.—takes time out to browse around a bit.

Jack Montgomery and companion—push a stalled car—not enough spinach—had to call garage man.

Jack Tilley walking down street—trailed by son Terry, with six shooters in each hand.

Star District Elects Officers

New officers of the Star District, F. F. A., have been elected as follows:

Jack Eastman, Lytle, president; David Johnson, Cotulla, vice-president; Sylvan Mangold, LaCoste, secretary; Charles Pesek, Jourdanton, treasurer; Jack Weatherford, Dilley, reporter; Winston Hoffman, Lytle, sentinel; Forrest Matthews, Poteet, parliamentarian; Charles Neal, Pearsall, historian; Wade Rackley, Charlotte, second vice-president; John Watson, Devine, third vice-president; and E. C. Weekly, Lytle, adviser.

Election was held at the officer's training school at Garner State Park. Lytle chapter won softball and volleyball trophies. The program for the year includes a Christmas dance, district banquet and several judging contests.

Lloyd's Letter

LLOYD M. BENTSEN JR.

WASHINGTON—Congress is off to a slow start this year. One more week and we've rounded the half year mark on the calendar. On the floor of the Congress progress has not kept pace with the calendar.

From January 3rd, this year when the new Congress convened, until May 31, only 43 public general bills had been passed and enacted into law. That time last year, Congress had completed action on 91.

Unfortunately there are those members of Congress who are known as the "T and T Club". They are the members of Congress who come in on Tuesday and go out on Thursday. They are generally from nearby districts and they leave on Thursday to conduct their businesses in their districts.

Your Congressman thinks it's time the Congress buckles down to a full schedule here and finishes its job.

VETERANS BENEFITS

Veterans will be able to borrow from the VA for two years for home building under a bill the House Veterans Affairs Committee has reported out. This bill will extend for two years the authority of the VA to lend veterans up to \$10,000 to build homes when private financing is not available.

NEW TAXES

So that you may have an idea of how much comes out of whose pockets in the new tax bill, here is a brief breakdown of the new bill to raise \$7 billion toward paying for the nation's defense, schedule for house action this week:

Individual incomes are subjected to an increased tax of approximately \$2 billion \$800 million, with high bracket incomes

paying a top percentage of 94 1/2 per cent of their income.

In addition, the bill calls for \$2,855 million more from corporations, \$221 million through structural changes in tax laws, and \$58 million through extension of present tax legislation for life insurance companies.

Corporations would find their tax rate raised from 47 per cent to 52 per cent. In addition, their excess profits tax would be increased.

The bill proposes \$1,252 increase in excises and would tap these sources: alcoholic beverages \$252 million; tobacco \$177 million; gambling \$407 million.

HOUSE APPOINTEES

With the thought of atomic attack on Washington in the event of a global war, a bill has been introduced to provide for a constitutional amendment to permit state's governors, who now have the authority to fill Senate vacancies, to fill House vacancies also by appointment.

Its author, Senator Case, said "it would insure continuity of constitutional government in the atomic age." Adios

Broom Corn Dries Better In Layers

A successful method of artificially drying broom corn has been developed by the Texas Agricultural Experiment Station.

Use of this method will overcome the present spoilage of a large part of the crop when it is allowed to dry in the field.

Broom corn can be dried better in thin layers or trays. Excessive packing and bending of the straw is prevented when this method is used, and less resistance is offered to airflow.

For best results the broom corn should not be stacked more than six inches deep in any one layer.

If weather conditions permit, the broom corn should be allowed to dry in the field for one or two days. This will reduce the moisture content enough for the highest capacity to be obtained from the drier at the most economical cost.

At least 65 cubic feet of air should be provided for each square foot of floor space.

The drying air temperature should not be higher than 150 degrees F. Higher temperature will cause damage to the fiber if the broom corn is threshed immediately after drying.

In tests conducted at the Beeville station, the fastest rate of drying and the lowest cost for power and fuel were obtained when broom corn was field-cured 24 to 36 hours and dried in six layers, each six inches deep.

Progress Report 1350 gives the result of tests conducted at College Station in 1946, 1947 and at Beeville in 1950. Progress Report 1351 gives information on the construction of a drier for broom corn. Both reports are available from the Publications Office, College Station, Texas.

Middle Years Need Good Health

Good health is the biggest single factor in making the middle years of life profitable and happy. Many parents, says Mrs. Eloise Johnson, extension specialist in family life education of Texas A. & M. College, do an excellent job of protecting their children from diseases but often forget about themselves.

During the middle years, certain physical conditions need attention, especially the adjustments that must be made in connection with the aging process. This process of aging, she points out, is something that usually takes place slowly and the warning signals furnished by nature should be heeded, for your future happiness may well depend upon whether or not you observe these signals.

According to Mrs. Johnson, medical authorities say that the body as a whole functions slower and somewhat differently and that not quite so much food is needed to keep the human machine functioning properly during this period. What folks eat is largely determined by habit, and if habits are followed, overeating usually results and that brings on trouble.

She suggests smaller servings and fewer calories and that foods which are high in vitamins, minerals and the accessory factors be used. Overweight is one of the most common nutritional diseases of this period of life and in most cases, is caused from eating too much.

The middle-aged person usually requires less sleep and this means that adjustments must be made. There is more time for reading, listening to the radio or for relaxation and rest. This matter of rest is very important and there is a need for balancing rest with the activities that one performs. Best conservation of energy is to stop and rest whenever you feel fatigued. Short rest periods during the working hours make it possible for the older person to accomplish much more and at the same time leaves them feeling much better, Mrs. Johnson points out.

Violent exercise such as participating in active sports and lifting heavy loads should be taken in broken doses. Too much such exercise can be very harmful to the body and its proper functioning. On the other hand, regular exercise, not too strenuous, will help to keep the muscles, bones and joints supple and in good condition.

Regular physical check ups for those in this age group are recommended. This age can become the most profitable and enjoyable period of life if the rules of good health are followed and advantages that go with experience, judgment, maturity and more leisure

Chrysler's New Hydramatic Power Steering!

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydramatic hydraulic power steering. It's not "in the future"... it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydramatic gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler dealer invites you to try it for yourself.

There was a good deal in the paper a while back about the suffering of the Navajoes. Just as a matter of information, why are they confined in a reservation and, as a point of further information, why don't they make their own way? Since the U. S. Supreme Court has ruled, in effect, that everybody is equal to everybody

else, Washington ought to get consistent about this.

★

H. D. Meister, retired editor of Yoakum, was a bicycle racer as a young man. He and Barney Oldfield began bicycle racing at the same time. Oldfield became famous as the greatest automobile racer of his day. "Who do you think you are—Barney Oldfield?" used to be the stock expression of highway patrolmen when they stopped a speeder.

★

Ralph Killgore, postmaster and publisher of Rosebud, tells of seeing this sign as he crossed the Texas boundary on the east, "Welcome to Louisiana, home of health, happiness and Hadacol."

★

A \$500-bill has a picture of McKinley on it. Cleveland's portrait is on a thousand-dollar bill; Madison's on a \$5,000-bill; Chase's on a \$10,000-bill (Salmon—what a name!—P. Chase was a member of Lincoln's cabinet). Wilson's picture is on a \$100,000-bill.

★

You never can tell when this information might come in handy.

★

When I was a boy, I heard about a man who advertised, "Send \$1 and receive an official picture of George Washington." Those who sent a dollar were sent a two-cent stamp, which of course has Washington's picture on it.

Unsympathetic officials made the enterprising individual cease and desist.

The average age of the most popular T-V comedians is 55 years. Their jokes are, of course, much older.

New Corn Hybrid Ready By 1952

Seed of Texas 30, a new corn hybrid developed by the Texas Agricultural Experiment Station, will be available for use by farmers in 1952, announced Dr. J. S. Rogers, agronomist in charge of corn breeding work for the Experiment Station.

This newcomer represents a combination of inbred lines of Yellow Dent and Yellow Surocopper varieties. It produces larger ears than either Texas 26 or 28.

Past behavior of the breeding of this new hybrid indicates that it will have a very wide range of adaptation and probably can be grown successfully wherever other Texas hybrids are recommended.

Chrysler's New Hydraguide Power Steering!

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydraguide hydraulic power steering. It's not "in the future". . . it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydraguide gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler dealer invites you to try it for yourself.
